

Become a foster carer

Action for Children needs foster carers who can help children and young people transform their lives.

If you can offer a safe, caring home to vulnerable and challenging young people aged 10–18, we can offer you excellent training and 24-hour support.

You'll never be on your own, as we're always just a phone call away, and you'll also get generous fees and allowances (up to £600 per week) as well as regular planned breaks.

We need people from a wide range of backgrounds. So if you have a spare room and experience of caring for or working with troubled young people, we want to hear from you.
